

Dear Customer, Dear supplier,

Taking up the challenge of a change aimed at favouring a sense of responsibility and transparency, large-scale partnerships, innovation and sustainability, our Company has created innovative products and services and improved relations with customers, partners, collaborators and the public, focusing its attention on "customers well-being" as a distinctive trait.

This new way of thinking and acting together with the new contents of our company policy and marketing strategies took shape in a targeted rebranding operation.

Therefore, I am pleased to announce that from October 1st, 2019 our Company will change its name from Giplast Systems srl to **PolyWorld Systems SRL** and will consequently change its logo, keeping the rest unchanged.

Therefore, the ownership will remain unchanged, as well as the registered office, product names and invoicing data, just to make some examples.

Of course, invoicing documents, packaging and related documents will be renamed with the new PolyWorld Systems SRL name and logo. And as regards in particular the new e-mail addresses, the model to be followed will be [name.surname@polyworldsys.com](mailto:nome.cognome@polyworldsys.com); for instance, my current e-mail address giuseppe.prestigiovanni@giplastsys.com will become giuseppe.prestigiovanni@polyworldsys.com.

The new name and the new logo, a more resolute and captivating one, want to evoke our values:

- Transparency, and therefore honesty and integrity, in action and judgement.
- Responsibility, to celebrate successes by learning to recognise possible mistakes.
- Meritocracy, as talented people who are eager to grow represent the heart of PolyWorld Systems SRL.
- Innovation, our trump card! Choosing the Ask-Think-Do-Repeat model has made us a trusted partner for our Customers.
- Diversity and inclusion, to stimulate a greater level of collaboration and innovation leading to better economic performances.
- Sustainability as a peculiarity of our mission and commitment to provide Green Products (GP).

I'm sure that you will participate with joy in our enthusiasm and commitment to continuous renewal and evolution, and with this occasion I would invite you to visit our new website at www.polyworldsys.com.

Yours sincerely,

Gornate Olona, 27/09/2019

Mr. Giuseppe Prestigiovanni
Sole administrator
